

LED Spot Light

DL-16AA

> Introduction

For general lighting and accent lighting, the DL-16AA will eventually become the chief substitutes for traditional lamps. It adopts heat-conductive plastic. With the compact and beautiful appearance, the spot light has great heat-sinking properties. It is also mothproof rated. In addition, it can be substituted for those lamps with GU5.3 fixtures. When the spot light is operating, the soft lighting diffuses symmetrically, showing a professional optical design. The DL-16AA is specially used to illuminate foods, organic materials or painting.

> Application Environment

The DL-16AA can provide bright and symmetrical lighting without strobe. It can be used in places, such as markets, hotels/motels, or exhibition places.

> Technical Parameters

Part NO.	Size(mm)	Weight(g)	Color	
DL-16AA	47×Φ50	30	Black	
Parameter	Min.	Standard	Max.	Remark
Operating Voltage(V AC/DC)	/	12	/	/
AC Operating Frequency(Hz)	/	50/60	/	/
Power(W)	/	3.0	/	/
CCT (K)	/	6,530	/	Day Light
	/	5,665	/	Warm White
	/	3,045	/	
	/	2,725	/	
Luminous Flux (lm)	/	160	/	Day Light
	/	140	/	Warm White
Color Rendering Index	/	70	/	/
Operating Temperature(°C)	5	25	40	/
Operating Humidity	10%	60%	90%	/
Storage Temperature(°C)	-40	25	80	/
Emitting Angle	30°			
Body Material	Heat-conductive Plastics+ PC			
Packaging	50PCS /Carton(K5K5K)			
Package Size (mm)	615×225×385 (50PCS)			
Design Life(Hr)	40,000			

CAP:GU5.3
